

# PowerMag<sup>+</sup>

“I am extremely impressed with the new design of the PowerMag<sup>+</sup>. It has great German optics, it's easy to use, durable and attractive looking. It's definitely the go-to product and best value in the market place. With a lifetime warranty, how could you go wrong?”

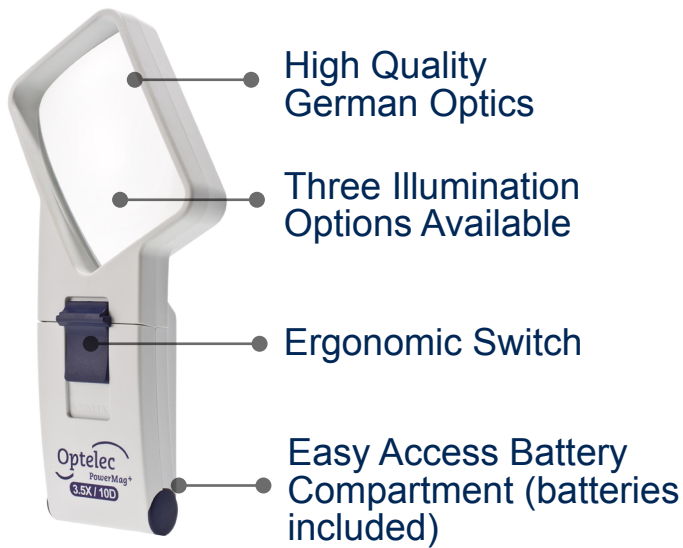

~ *Low Vision Specialist*

The **Optelec PowerMag<sup>+</sup>** series of LED magnifiers has been newly designed based on user feedback to make magnification reading simple and effective through the use of superior German optics, innovative illumination and high-quality, durable materials.
